ANDROVAX PLUS CAN INJECT 20% MORE LAMBS INTO YOUR FARM

R+R_22353_??

Androvax[®]plus is a vaccine that results in ewes releasing more eggs, which in turn, leads to an average 20% increase in lambs. It's not luck, it's science and it's being used successfully in your region right now. So if you want to be able to count on more lambs, talk to your vet to see if Androvax plus is right for your farm.
