

SAFETY DATA SHEET

Bovaclox[®] Dry Cow

Page 1 of 4

Section 1: Identification of the Substance and Supplier

Product name	Bovaclox Dry Cow Liquid containing 3 - 8% ampicillin trihydrate and 10 - 16% cloxacillin benzathine
Recommended use	Veterinary antibiotic for treatment and prevention of mastitis in cattle.
Company details	MSD Animal Health, 33 Whakatiki Street, Upper Hutt Phone: 0800 800 543 Fax: 0800 808 100 Website: www.msd-animal-health.co.nz Hours: 8 am – 5 pm, Mon – Fri
Emergency telephone	0800 764 766 (0800 POISON) 24 hours human health 0800 243 622 (0800 CHEMCALL) 24 hours
Date of preparation	August 2011

Section 2: Hazards Identification

Hazard classifications	6.3B, 6.5B
Priority identifiers	WARNING
Secondary identifier	6.3B May cause mild skin irritation 6.5B May cause an allergic skin reaction
Risk & Safety Phrases	

Section 3: Composition/Information on Ingredients

Chemical name	CAS number	Concentration
Cloxacillin (as benzathine salt)	23736-58-5	11.11%
Ampicillin (as trihydrate)	7177-48-2	5.55%

Section 4: First Aid Measures

Necessary first aid measures

Penicillins may cause hypersensitivity (allergy) following injection, inhalation, ingestion or skin contact. Do not handle this product if you know you are sensitised, or if you have been advised not to work with such preparations. Handle this product with great care to avoid exposure.

SKIN CONTACT In case of skin contact, while wearing protective gloves, carefully remove any contaminated clothing, including shoes, and wash skin thoroughly with soap and water. If irritation or symptoms occur or persist, consult a doctor.

EYE CONTACT In case of eye contact, immediately rinse eyes thoroughly with plenty of water. If wearing contact lenses, remove only after initial rinse, and continue rinsing eyes for at least 15 minutes. If irritation occurs or persists, consult a doctor.

INGESTION Rinse mouth and drink a glass of water. Do not induce vomiting unless under the direction of a qualified medical professional or Poison Control Centre. If symptoms persist, consult a doctor.

INHALATION Remove to fresh air. If any trouble breathing, get immediate medical attention. Administer artificial respiration if breathing has ceased. If irritation or symptoms occur or persist, consult a doctor.

Required instructions For advice contact the National Poisons Centre 0800 POISON (0800 764 766) or a doctor.

Notes for medical personnel Inhalation: remove to fresh air & provide oxygen if breathing is difficult

Section 5: Fire Fighting Measures

Type of hazard	Not classified as flammable
Fire hazard properties	Not applicable
Regulatory requirements	Not applicable
Extinguishing media and methods	Water, carbon dioxide (CO ₂), foam, or dry chemical.
Hazchem code	Not applicable
Recommended protective clothing	Wear full protective clothing and self-contained breathing apparatus (SCBA).

Section 6: Accidental Release Measures

Emergency procedures	Wear chemical resistant gloves and overalls, facemask or goggles. Prevent further spillage. Adsorb spilled product and place in sealable container for disposal. Wash down affected area with water plus detergent. Absorb and collect washings and place in the same sealable container for disposal. Seek advice from the local authority regarding disposal.
-----------------------------	---

Section 7: Handling and Storage

Precautions for safe handling	Avoid contact with skin, eyes, and mucosa. Keep containers adequately sealed during material transfer, transport, or when not in use. See Section 8 (Exposure Controls) for additional guidance. Penicillins and cephalosporins may cause hypersensitivity (allergy) following injection, inhalation, ingestion or skin contact. Do not handle this product if you know you are sensitised, or if you have been advised not to work with such preparations. Handle this product with great care to avoid exposure.
Regulatory requirements	Signage not required Emergency Plan required where quantities greater than 1000 L are present.
Handling practices	Avoid contact with skin or eyes. Keep containers adequately sealed during material transfer, transport, or when not in use.
Approved handlers	Not required.
Conditions for safe storage	Store in original container in a cool, dry, ventilated place away from direct heat or direct sunlight. Keep container sealed when not in use. Keep out of reach of children.
Store site requirements	Store in a cool (5°C - 20°C). Do not refrigerate.
Packaging	Schedule 4

SAFETY DATA SHEET

Bovaclox[®] Dry Cow

Section 8: Exposure Control/Personal Protection

Workplace exposure standards	No WES is set for this substance.
Application in the workplace	Ensure adequate ventilation. Keep container sealed when not in use.
Exposure standards outside the workplace	No TEL or EEL is set for this substance at this time
Personal protection	Wear chemical resistant gloves, facemask or goggles.

Section 9: Physical and Chemical Properties

Appearance	Off-white cream
Boiling Point	Not applicable
Melting/Softening point	Not applicable
Vapour Pressure	Not determined
Specific Gravity	Not determined
Solubility (H ₂ O)	Not determined
Percent Volatiles	Not determined
Evaporation Rate	Not determined

Section 10: Stability and Reactivity

Stability of the substance	Stable under normal conditions.
Conditions to avoid	Avoid open flames and high temperatures
Material to avoid	Avoid strong acids and bases, and oxidisers.
Hazardous decomposition products	Carbon oxides (CO _x).

Section 11: Toxicological Information

Acute effects for individual ingredients only

ORAL	Ampicillin: Oral LD50: 15,200 mg/kg (mice), 10,000 mg/kg (rats). Mice given 2000 mg/kg caused muscle tremors, slowed respiration and mild convulsions. Cloxacillin: Oral LD50: 5000 mg/kg (rat and mouse)
TEL	No TEL is set for this substance at this time.

Chronic effects for individual ingredients only

Section 12: Environmental Information

Acute effects for individual ingredients only

EEL	No EEL is set for this substance at this time
-----	---

Section 13: Disposal Considerations

Disposal information

Disposal

Dispose of unused contents in a suitable landfill.

Container Disposal

Dispose of empty syringes by burying in a suitable landfill. Do NOT burn.

Reference

Current version of NZS 8409 Management of Agrichemicals.

Section 14: Transport Information

Relevant information

Not classified as a dangerous good for transport

Section 15: Regulatory Information

Regulatory status

HSNO Approval Code: HSR002346.
For a full listing of controls see www.epa.govt.nz
ACVM registration number: A4495.
For conditions of registration see www.foodsafety.govt.nz

RESTRICTED VETERINARY MEDICINE

HSNO and ACVM controls

Emergency Plan: 1000 Litres.
